There was no mate ial change in the afternoon, exce in Harlem, which advanced 3% per cent. At the clo Erie sold at 125%, Hudson River 163%, Harlem 14 Reading 168%, Michigan Southern 115%, Illinois Coutr 150%, Cleveland and Pittsburg 128%, Galena and Chicag 127 M. Cleveland and Toledo 154, Chicago and Rock Isla 124, and Fort Wayne 148%. Exchange was firm to-day at 181% a 181%.

The loan market continued active at fully seven po cent. The advance in the rate of interest has not be caused by any reduction in the amount of capital offering but may be attributed to the increased demand whi has been produced by the engerness of speculators to he on to their stocks in anticipation of a further rise. The will probably be no reduction in the present rate un after the two hundred million loan, which is now bei negotiated, is all taken.

The government fixed the price of gold this morning 1651,—the same as yesterday. The opening price at the exchange was 167%, and an attempt was made by the gamblers, as usual, to influence the official standard: t . Cisco stood firm, and very judiciously resolved, to the importunities of the speculators. The openin price at the gold room was merely nominal, as probab not ten thousand dollars in cash sales were perfected t fore the hour at which the official price was announce The premium was afterwards forced up to 168%; but i business could be done at that price, and the gamblis was a terwards carried on at the lesser fractions.

The plan of confining the designations of the nations banks to numbers instead of allowing them to choos their own names has, it appears, been abandoned. It National Exchange Bank," of New York, and the "Dein ware County National Bank," of Chester, Pennsylvania have been authorized and will proceed to do business, i accordance with the provisions of the law, under the respective titles.

We have received a copy of the following despatel

dated Louvenworth, Kausas, April 4:-

To General J. C. Frakkont —
At the annual meeting of the Union Pacific Railway
Company, Eastern Division, held in this city to day, General John C. Fremont, Edward Learned, C. P. Dixon, R. P.
C. Wilson, Wm McLough, James Eerr, P. Johnson, William
J. McAlpine and C. A. Trowbridge were elected directors. The following comparative statement shows the aver-

age condition of the leading items of the Philadelphia banks for the past and previous week :--

	Last Werk.	This Week.

profits, all the items being on the increase. While we have no positive evidence of the fact, says the Philadel phia Lodger, it is pretty well known that nearly the whole of it is government paper. The capital is in government paper; loans, most of them government paper, the legal tender or reserve; the amount due from banks the same, the deposits the same, and the circulation scarcely anything else; and all these are on the ncrease. The only item that is not paper is specie, and that is on the decrease. The banks, it will be seen, on \$12.899,050 of capital, hold of loans \$37,262,820, or nearly three to one, besides various other interest-bearing securities, probably enough to swell the ratio of loans to capital to three and a balf or four to one. Such a super octure on such a base, with few or no losses, must profit largely to the owners of the banks.

The official reports made by the Pennsylvania Railroad and the Philadelphia and Rending Railroad, to a department of the State government of Pennsylvania, for the year ending October 31, 1863, contain the subjoined ex-Capital paid in\$13,430,250 Phila and Read.
